Dear Brain Gym Instructor/Practitioner,

May 2017 marks 2 years since the acquisition of the Brain Gym Supplies business from long time friend and colleague Barry Summerfield.

Since taking on the Brain Gym Books in 2015, I have acquired the rights to print in Australia the following titles:

1. Brain Gym Teacher's Edition
2. Brain Gym 101 Handbook
3. Brain Activities Chart for Children A2 size
4. Brain Activities Chart for Children A1 size
5. Hands On - Brain Gym in the Classroom
6. Hands On - Ideas to get Kids Ready for Learning
7. Vision Gym DVD set
8. Brain Gym Orange
9. Vision Circles
10. Brain Gym PACE for Children chart
11. Alphabet 8's chart

This has made these items much more accessible as well as more affordable in price. The BG Teacher's Edition (the biggest item seller) was about to exceed \$70 retail with the imported edition and the dollar value at the time, and now is \$45 retail with the Oz Edition. See your wholesale price list for more details.

We have many other BG and related supplies that are not on the wholesale list but may attract a discount for bulk supply, so please enquire if interested in other items listed on the website below.

Any queries at anytime please feel free to call or email.

Cheers - Michael.
