Metaphysical Anatomy Update

Metaphysical Anatomy Technique Volume 2
by Evette Rose \$44

NOTE: This is a new edition of the previous volume 2 but it is essentially a new publication.

Metaphysical Anatomy Technique V2 explains the core foundation and healing technique behind Metaphysical Anatomy V1 (see below). The old volume 2 was a synopsis of volume 1, but this new edition is a title that stands alone even if one already has the old Volume 2. As it suggests it is more about the technique and practice of the Metaphysical Anatomy concept and covers the conditions activated by circumstances in your present life, your ancestry, conception, womb, birth trauma, childhood or adult life. A valuable and important book.

Metaphysical Anatomy volume 1 has been a best seller for some time. It is a guide for identifying the psychosomatic patterns & metaphysical causations related to 679 medical conditions. Available at \$125.00 - a larger format & very 'fat' book of 730 pages.
