

SUNDAY 4 JUNE 2017 SYDNEY

Biological Core Protocols for Chronic Illness

Intensive Seminar with Dr Dietrich Klinghardt MD, PhD
and Dr Omar Morales MD

About

Dr Dietrich Klinghardt MD, PhD has been practicing Medicine since 1975. He has been working in the US since 1982. He is founder of the Klinghardt Institute (UK) and Institute of Neurobiology (Germany). He is the head physician at the Sophia Health Institute in Seattle.

Special Guest Speaker

Dr Omar Morales MD, founder of Lyme Disease Mexico, Secondary Degree in Transfusion Medicine, ILADS member, AAEM member, Active medical researcher at UNAM.

Dr Morales will talk about effective intravenous therapies for killing microbes in all layers of tissues, including crossing the blood-brain barrier, eradication of all microbial reservoirs, detoxification of biotoxins and enhancement of the immune system.

Learn from Dr Dietrich Klinghardt MD, PhD

For the first time Dr Klinghardt will be presenting his renowned therapeutic solutions across a broad spectrum of conditions. This one-day seminar will offer biological non-invasive effective approaches for therapists and patients alike. This seminar will cover:

- Tick borne infections:
 - o Protocol for the revolutionary provoked PCR test (DNA based urine analysis) for *Borrelia burgdorferi* and co-infections
 - o The unified biological treatment protocol
 - o Protocols for tick borne infection-induced symptoms: insomnia, psychiatric presentations, cardiovascular complications, obesity and lipid disorders, neurological presentations, fatigue, brain fog and memory loss
- Autism: effective yet gentle, comprehensive and affordable solutions
- Toxicity: diagnosing metal toxicity; clearing metals across the blood brain barrier; general metal detox; diagnosing and treating herbicide toxicity (glyphosate, atrazine, 2,4-D, etc.); medical approaches
- Parasites: enema- and herb-based protocols, anti-parasitic agents and their use
- Biophysics: affordable supportive instruments (cold lasers, infrared light, sound, colour devices, magnetic mats, Rife, Ki footbath)
- Electromagnetic fields: diagnosing exposure levels and protocols for effective reduction – scientific daytime and nighttime strategies
- Drug uptake enhancement: crucial energetic tips for concentrating remedies in the target area as well as increasing blood flow and lymphatic drainage
- Finding the right dose: the self-titration method
- Materia Medica: simple methylation solutions/vitamin protocols.

Venue

Mary MacKillop Place
7-11 Mount Street
North Sydney Australia

Date

Sunday 4th June 2017
9.30 am - 6.30 pm

Cost

\$235 Full Price
\$190 Early bird
(ends 30 April)
